FAQ badminton

Can I sign up at any point in the year? Or are there specific registration periods?

You are free to join us whenever you wish. The first session is free. After that, you can purchase a membership or a card good for 11 sessions.

What do I need to do for my first session?

Simply come along to the sports facility. It is preferable if you fill in the form beforehand:
<https://goo.gl/forms/GidFiYrkzU6uKRrm1>

Do I need to have specific equipment before my first session (racket, special clothing)?

We can lend you a racket for your first trial session. After that, if you want to join us, we would ask you to buy your own racket. You can find beginners' rackets for as little as 15 €. As far as clothing is concerned, you need a t-shirt, shorts, and indoor sports shoes (NO black soles).

Are there organized classes? Or are we just playing for fun?

Ours is basically a recreational group. Upon request, we can however organize classes from time to time for absolute newbies.

I travel a great deal for work. And my schedule is unpredictable. So, I won't be able to take part in every session or play every week. Is that an issue?

Not at all! Come along when you are able. This is why we advise you to choose wisely, between a seasonal membership or an eleven-session card (which has no expiry date and can be used over several years).

Are players divided up based on their level?

We all play together. That being said, it is sometimes preferable to play against someone of a similar level, especially at first. In the club, we have players of all levels; beginners, intermediate and advanced.

I hope this is all clear! Looking forward to meeting you and playing badminton with you!
