

FAQ winter sports week

Level

We accept all levels, even people who have never skied or snowboarded before and also people who want to walk, relax and enjoy the winter sports atmosphere.

Period

We go every year outside the school holidays, either at the end of January or during the month of March.

Opening of reservations

We open reservations during the month of May for the following year. Watch out, the number of places is limited and they sell out quickly.

Type of accommodation and trip

We always offer accommodation in a single, double or triple room with half board or full board. We also manage the rental of equipment and ski passes for you, as well as transport and lessons for those who wish.

Equipment

Skis or snowboards and boots will be rented on site. For the rest of the equipment (clothing), if you don't have the necessary yet, you can always ask for help from other participants who sometimes have duplicate clothes that they can lend.

And the price?

We try to keep the price affordable every year. Winter sports, like other holidays, are not by nature a cheap activity. We cannot grant a social tariff on this activity.

Do I have to bring a roommate? Can I come as a couple or with friends?

Couples, groups of friends and single people are all welcome. If you don't have a roommate yet, we'll help you find one among the other participants.

Are there any courses organised?

We offer private group ski and snowboard lessons.

How to get there?

We offer transport from Brussels.

Do I have to be a member of the BGS?

Anyone can register, whether or not they are participating in a regular BGS activity. However, we will ask you to become a member for the season (low price) if you register for the winter sports week.

In which station?

We look for resorts with a large area and high enough to have the best snow conditions. Every year the destination changes:
